

CAROLINE YANG

UI/UX & Product Designer

(858) 382-1300 | chcaro@gmail.com

Product Designer with experience designing enterprise web applications from discovery through implementation. Former STEM educator with a strong foundation in user-centered problem solving, communication, and iterative design.

Work Experience

Product Designer | Quasidea Development

JULY 2024 - PRESENT | SAN DIEGO, CA

- Lead end-to-end design for 7 client software projects, from ideation and wireframing to high-fidelity prototypes.
- Present concepts to clients, gather feedback, iterate solutions, and ensure alignment with user and business goals.
- Collaborate closely with developers to implement designs and coordinate fixes during testing and UAT, ensuring polished product launches.
- Created client-facing documentation and presentations that supported successful software adoption and user onboarding.
- Maintain ongoing client relationships post-launch, gathering feedback and identifying opportunities for improvement.

STEM Educator & Curriculum Designer | Various Schools

AUGUST 2005 - MAY 2024 | LOS ANGELES, CA • SAN DIEGO, CA • REMOTE

- Designed and delivered customized K-12 math and science programs (virtual and in-person), achieving 80-95% content mastery through iterative, data-driven instruction.
- Evaluated student performance with assessments and feedback, identifying trends and adapting strategies to improve outcomes.
- Led large-scale, project-based learning environments (50-80 students), coordinating guest speakers, field trips, and collaborative projects.
- Mentored 10 educators and led cross-team initiatives, improving instructional practices and aligning teams around effective learning strategies.

Education Consultant & Tutor | Self-Employed

SEPTEMBER 2022 - PRESENT | SAN DIEGO, CA

- Tutor up to 6 students weekly, developing targeted strategies that improve performance by 1-2 letter grades.
- Align with students and parents to set goals and track progress toward outcomes.
- Analyze student performance and feedback to refine instructional approaches and create personalized learning experiences.
